SPONSORSHIP PROPOSAL

The 7th Latin American Conference on Interaction Design
Córdoba, Argentina. November 2015.

ABOUT IxDA

The Interaction Design Association (IxDA) is the largest professional association of interaction designers in the world. With over 65,000 members and more than 152 local groups in 43 countries, IxDA's focus is to work with interaction design issues for professionals, regardless of their level of experience.

IxDA was founded in 2003 and registered as a not for profit organization in late 2005.

We depend on the passion of the members as volunteers to help serve the international Interaction Design community needs.

In 2008 it launched the first edition of its annual conference Interaction, and 2009 saw the first regional conference for Latin America, Interaction South America (ISA).

You can learn more about IxDA in WWW.IXDA.ORG

◆ WHAT'S INTERACTION SOUTH AMERICA ?

Interaction South America (ISA) is the most important conference for Interaction Design, User Experience, Technology and innovation within South America. The ISA events have a reputation for being exciting, top-level conferences. A tradition that is only possible thanks to sponsors, exhibitors, academics partners and local government support.

In November 2015 our city, Córdoba, Argentina will host the 7th edition! We estimate that about 650 people will attend the conference.

They will join us in Córdoba in four days of talks and workshops to share the best of Interaction Design.

The first Latin American edition was held in São Paulo, Brazil in 2009. Since then its attendance and exhibitors has consistently grown, with such noted design personalities such as Donald Norman, Jared Spool, Lou Rosenfeld and Dan Saffer, among others speaking.

Other host cities have been Belo Horizonte (Brazil), Curitiba (Brazil), Recife (Brazil) and Buenos Aires (Argentina).

ISA11	BELO HORIZONTE	550 attendees
ISA12	SAO PAULO	750 attendees
ISA13	RECIFE	700 attendees
ISA14	BUENOS AIRES	600 attendees

ISA 2015 will be a great way to engage the interaction design community. Attendees that will come to the event will have different levels of experiences and backgrounds, including interaction designers, freelancers, user experience designers, startups, product managers, academia, renowned authors and managers of the most important companies South America.

Based on the conferences of previous years, we estimate that about 650 people will attend the conference in Córdoba. Approximately 65% visitors will be from countries other than Argentina. That is why ISA is positioned as a unique opportunity to connect with an International audience.

◆ CONFERENCE FORMAT

Interaction South America will be 4 days in November 2015. We plan to host the keynote talks at the Ciudad de Artes center, with workshops on the university campuses of IES and Metro. It will be 4 intense, exciting days of presentations, discussions and social activities for all.

4 DAYS
